FIRE BLAZE: SKY QUEEN MEGAWAYS™

ALL HAIL THE QUEEN!

This follow-up to Blue Wizard Megaways™ takes another legendary Fire Blaze™ slot and adds some MEGAWAYS™ magic. Fire Blaze: Sky Queen Megaways™ employs the same strategy that made Blue Wizard Megaways™ an enduring hit - a five reel MEGAWAYS™ game with two accessible features and a solid base game experience.

In the main game, a Stone Door landing in the horizontal top reel awards a stack of mystery symbols, increasing the potential for big WAYS pays. The same mechanism is enhanced in the Free Games, with more mystery symbols available.

The Hold and Respin feature has a classic look and feel but is enriched by the volatility that MEGAWAYS™ brings - you can win up to 33 prizes in the bonus, including the MINI, MINOR, MAJOR and GRAND. Finally, Fire Blaze: Sky Queen Megaways™ offers two Feature Bet options. Option one increases the WAYS on offer. Option two maximises the WAYS, guaranteeing 12,348 WAYS every spin!

ENGAGE

Lower volatility games offering smaller, but more regular wins, with a range of and/or frequently triggering features. These games are typically acquisition titles, designed to create variety and excitement for new players.

BALANCED

Games with a more medium volatility feel, usually offering some feature variety and less frequent, but generally bigger, wins than Light games. Balanced games are likely to appeal to slightly more experienced players, offering less playing time for the same money, but a greater chance of bigger wins.

PURSUIT

Features and wins occur less frequently in Pursuit games, but are typically more lucrative when they do; as such, these higher volatility slots appeal to more experienced players happy to wait for feature rounds and big wins.
