

## MEGA FIRE BLAZE: DWARVES & GOBLINS™

Delve for gold with Dwarves & Goblins, a rich new addition to the ever-popular the MEGA FIRE BLAZE™ game suite.

Dwarves, Goblins and Cash-laden Gold Coins can all contribute to the Hold & Respin feature. Starting with a 3x5 grid, dwarves can dig down, expanding the respin reels by up to 30 positions. Goblins bury rich Gold Nuggets, in unopened positions, ready for a lucky dwarf to unlock.

If a dwarf reaches the treasure chests buried at the bottom of the grid, a GRAND, MAJOR, MINOR or MINI is guaranteed.

In the Free Games, cash-laden Gold Nuggets are sticky for three spins. All on-screen nuggets are paid once for every dwarf that lands. All the RTP is on the reels in front of you, with symbol stacks on all reels. Spin up 3 matching awards a respin to improve the collection.

## ENGAGE

Lower volatility games offering smaller, but more regular wins, with a range of and/or frequently triggering features. These games are typically acquisition titles, designed to create variety and excitement for new players.

## BALANCED

Games with a more medium volatility feel, usually offering some feature variety and less frequent, but generally bigger, wins than Light games. Balanced games are likely to appeal to slightly more experienced players, offering less playing time for the same money, but a greater chance of bigger wins.

## PURSUIT

Features and wins occur less frequently in Pursuit games, but are typically more lucrative when they do; as such, these higher volatility slots appeal to more experienced players happy to wait for feature rounds and big wins.
