## KEY FEATURES

Leprechaun's Luck has four main game features:

- Free Spins
- Cash Collect feature
- £2 Boost mode
- Mini, Minor, Major & Grand Jackpots.

### £2 Boost Mode

The 30 win lines pay from left to right except scatters which pay anywhere. If £2 Boost mode stake is selected, cash symbols become Free Spin symbols.

### Free Spins

Any Cash Collect reel symbol in view on reel 5 in combination with a +Number symbol will trigger a cash collect that awards Free Spins. The initial number of Free Spins awarded is the amount shown on the +Number symbols added together.

### Cash Collect & Jackpots

During Free Spins, any Cash Collect symbol that appears will remain on the reels, moving one reel to the left on each spin until it exits the reels. Additional Free Spins can be won during Free Spins.

A Cash Collect symbol in view will trigger a Cash Collect. During a Cash Collect any Cash symbol, Diamond symbol or +Number symbol will be collected and awarded. A Cash symbol awards the cash value displayed.

A "Cash Collected" Diamond awards an Instant Jackpot from either Mini, Minor, Major or Grand! A reel containing the Jackpots appears on the main screen and spins randomly awarding one of the Jackpots.
